

# J - GENERAL REQUIREMENTS FOR UNDERGRADUATE DEGREES

Candidates for undergraduate degrees must fulfill the following requirements. (See the College of Graduate Studies (<https://catalog.uidaho.edu/colleges-related-units/graduate-studies/>) section for the requirements for graduate degrees. See the College of Law (<https://catalog.uidaho.edu/colleges-related-units/law/>) section for the requirements for the degree of Juris Doctor.)

## J-1. Credit Requirements

### J-1-a. Minimum Credits for Baccalaureate Degrees

Students must have earned a minimum of 120 credits to be granted a baccalaureate degree and a minimum of 60 credits to be granted an associate degree from the University of Idaho. Some programs require a higher minimum. For the minimum number of credits required in each degree program, see the major curricula of the various degree-granting units in the individual departmental section.

### J-1-b. Minimum Upper-Division Credits for Baccalaureate Degrees

A minimum of 36 credits in upper-division courses (numbered 300 or above) is required for a baccalaureate degree.

J-1-c. Up to 6 credits of institutional coursework numbered 400 or higher, with a grade of B or higher, used towards a baccalaureate degree may also be used towards a graduate degree with the approval of the student's major professor.

## J-2. Residency Requirements

A baccalaureate student must earn a minimum of 30 upper-division credits in UI courses. An associate student must earn a minimum of 15 credits in UI courses. No credits awarded for alternative credit opportunities (see regulation I (<https://catalog.uidaho.edu/general-requirements-academic-procedures/i-alternative-credit-opportunities/>)) or non-U of I sponsored independent study courses can be counted among these UI credits. Study abroad and student exchange credits may be counted toward this requirement with prior approval by the student's academic department and dean.

## J-3. General Education Curriculum and Learning Outcomes

First-year baccalaureate and associate degree-seeking students (see Admissions Status) are to complete the University of Idaho General Education curriculum. A university education is a preparation both for living and for making a living. It offers an opportunity not only to lay the foundations of a career, but also to develop the mind to its highest potential, to cultivate the imagination as well as the power to reason, and to gain the intellectual curiosity that makes education a life-long enterprise. See the University Learning Outcomes (<https://catalog.uidaho.edu/university/learning-outcomes/>) for more information.

A student working toward a baccalaureate or associate degree must complete the necessary coursework in the seven categories described below (J-3-a through J-3-g). This requirement is to be satisfied by earning a total of 36 credits and meeting the minimum number of credits

specified for each category. (Transfer students have two options for fulfilling this requirement; these are described under "General Education Requirements for Transfer Students (<https://catalog.uidaho.edu/student-services/admission/>)" in the Undergraduate Admission section of this catalog). University of Idaho general education courses accepted as transferable as general education courses to other Idaho state-funded institutions are listed as General Education Matriculated - (GEM) courses in the General Catalog. Courses that fulfill requirements in each category are reviewed each year and the list is updated in the Spring. Students and advisors are encouraged to check the list when it is published in the spring to be aware of any additional courses that have been added to meet specific requirements. Courses that are approved to satisfy a general education requirement can be used to satisfy those requirements even if the course is completed prior to being approved as a general education course.

*Note: Remedial courses may not be used to satisfy any of this requirement. Degree-seeking students must be enrolled in ENGL 101, ENGL 101P, or ENGL 102 in their first semester in residence and in each subsequent semester until they have passed ENGL 102. They must also be enrolled in MATH 108 or in a course that meets the general education requirement in mathematics, statistics, or computer science in their first year in residence and in each subsequent semester until the general education requirement in mathematics, statistics, or computer science has been satisfied.*

### J-3-a. Written Communication (3-6 credits, depending on placement)

The purpose of this requirement is to develop the ability to organize one's thoughts; to express them simply and clearly through oral, written, and visual means; to observe the standards and conventions of language usage; and to suit tone to audience. The requirement is proficiency in written English equal to that needed for the completion of ENGL 102.

- To fulfill this requirement, students must complete ENGL 101 or ENGL 101P and ENGL 102 and attain satisfactory scores for both courses. The following specific provisions apply to the English composition component:
  - Based on placement, a student may be required to take up to 6 credits to satisfy this requirement. Students are provisionally placed in a required English composition course based on their SAT Verbal and/or ACT English scores. The University of Idaho offers an additional placement tool, the Write Class Idaho: [www.writeclassuidaho.com](http://www.writeclassuidaho.com) (<http://www.writeclassuidaho.com>)
  - Students who attain a satisfactory score on the College Board English Achievement or Scholastic Aptitude (Verbal) Test or the American College Testing (ACT) English Test will be awarded credit and grades of P for ENGL 101 or ENGL 101P and ENGL 102. Additionally, students who attain a score of 4 on the Advanced Placement Test in English will be awarded credit and a grade of P for ENGL 101 or ENGL 101P and students who attain a score of 5 on the Advanced Placement Test in English will be awarded credit and grades of P for ENGL 101 or ENGL 101P and ENGL 102.

U of I accepts credits earned in comparable writing courses taken at other accredited institutions (see credit limitation in J-5-d).

### J-3-b. Oral Communication (2-3 credits)

Students who receive a passing grade in one of the following courses are expected to meet the proficiencies for Oral Communication courses contained in Section III-N of the Idaho State Board of Education

Governing Policies and Procedures. Students should be able to demonstrate basic competency in the following areas:

1. organization and preparation,
2. oral language use and presentation, and
3. addressing audience needs and interests.

Code	Title	Hours
AGED 101	Verbal Communication in Agriculture, Food, and Natural Resources	3
COMM 101	Fundamentals of Oral Communication	3
COMM 150	Online Oral Communication	3
PHIL 102	Reason and Rhetoric	2

### J-3-c. Scientific Ways of Knowing (8 credits, from two different disciplines, which include two accompanying labs OR 7 credits which includes a Core Science (CORS) course and one course with lab)

The purpose of this requirement is to develop a better understanding of the physical and biological world by learning some of the principles that explain the natural phenomena of the universe, the experimental method used to derive those principles, and their applications.

Study in this area is undertaken as part of the general education requirements in order to promote scientific literacy, that is, the ability to read and understand the science issues being debated in society. Scientific literacy is essential if citizens are to make informed judgments on the wide range of issues that affect their everyday lives. Students receiving passing grades in the natural and applied science courses of the general education curriculum will demonstrate competency in the following areas:

1. knowledge of scientific principles;
2. the ability to write clearly and concisely using the style appropriate to the sciences;
3. the ability to interpret scientific data;
4. the ability to analyze experimental design critically; and
5. the development of laboratory skills.

### J-3-d. Mathematical Ways of Knowing (3 credits)

These courses develop analytical, quantitative, and problem solving skills by involving students in doing mathematics, statistics, or computer science and by focusing on understanding the concepts of these disciplines.

Students receiving passing grades in mathematics, statistics, or computer science will have the ability to recognize, analyze, and solve problems.

Code	Title	Hours
CS 112	Computational Thinking and Problem Solving	3
MATH 123	Math in Modern Society	3
MATH 143	Precalculus I: Algebra	3
MATH 153	Introduction to Statistical Reasoning	3

MATH 170	Calculus I	4
MATH 175	Calculus II	4
MATH 275	Calculus III	3
STAT 153	Introduction to Statistical Reasoning	3
STAT 251	Statistical Methods	3

### J-3-e. Humanistic and Artistic Ways of Knowing (6 credits, from two different disciplines) and Social and Behavioral Ways of Knowing (6 credits, from two different disciplines)

The purpose of these liberal arts courses is to provide students with critical tools for understanding the human experience and providing the means for students to respond to the world around them.

Humanistic and Artistic Ways of Knowing courses enable students to reflect upon their lives and ask fundamental questions of value, purpose, and meaning in a rigorous and systematic interpretative manner, with the goal of fostering understanding of culture and inspiring a citizenry that is more literate, respectful of diverse viewpoints, and intellectually inquisitive.

Social and Behavioral Ways of Knowing courses enable students to apply rigorous analytic skills for the purpose of explaining the dynamic interaction among history, institutions, society, and ideas that shape the behaviors of individuals, communities, and societies. With these skills, students can critically address the social issues of our contemporary world.

Some courses on the humanities and social science lists may also satisfy the American diversity or international requirement.

### J-3-f. One American Diversity course and One International course (Or an approved study abroad experience)

As we live in an increasingly diverse and multicultural world, the purpose of these courses is to prepare students to understand, communicate, and collaborate with those from diverse communities within the United States and throughout the world.

The American diversity courses seek to increase awareness of contemporary and historical issues surrounding the social and cultural diversity in the U.S. Students engage in critical thinking and inquiry into the issues, complexities, and implications of diversity, and how social, economic, and/or political forces have shaped American communities. Diversity includes such characteristics as ability, age, ethnicity, gender, race, religion, sexual orientation, and socioeconomic status.

One course chosen from the approved American diversity courses listed below is required. If a student takes a General Education course in another category that also appears on the list of approved American diversity courses, then this requirement is considered to be completed.

The international courses seek to develop an understanding of international values, belief systems, and social issues that have contributed to current balances of power and cultural relations. Students develop an understanding of the roles that the United States and other countries have played in global relations and the ways cultures have interacted and influenced each other.

One course chosen from the approved international courses listed below is required. If a student takes a General Education course in another category that also appears on the list of approved international courses, then this requirement is considered to be completed. The international requirement may be waived if a student successfully completes an approved summer, fall, or spring program abroad through the International Programs Office.

#### Approved Capstone Experience Courses:

Code	Title	Hours
AGEC 478	Advanced Agribusiness Management	3
AGED 471	Senior Capstone in Agricultural Education	2
AGED 498	Internship (Max 10 credits)	1-10
ANTH 455	Anthropology Senior Research	3
ARCH 454	Architectural Design: Vertical Studio	6
ART 410	Professional Practices	2
ART 490	BFA Art/Design Studio	6
ART 495	Critical Art Writing Seminar	3
AVS 450	Issues in Animal Agriculture	2
BE 478	Engineering Design I	3
BE 479	Engineering Design II	3
BE 491	Senior Seminar	1
BIOL 401	Undergraduate Research	1-4
BIOL 407	Practicum in Biology Laboratory Teaching	2-6
BIOL 408	Human Anatomy and Physiology Laboratory Pedagogy	2-4

BIOL 411	Senior Capstone	2	MKTG 495	Product Development and Brand Management	3
BIOL 425	Experimental Field Ecology	3	MSE 454	Process Analysis and Design II	3
BUS 490	Strategic Management	3	MUSA 490	Half Recital	0
CE 494	Senior Design II	3	MUSA 491	Recital	0
CHE 454	Process Analysis and Design II	3	MUSC 490	Senior Recital	0
CHEM 409	Proseminar	1	MUST 432	Practicum: Music Teaching	11
COMM 453	Communication Theory	3	MVSC 486	Community Health Assessment, Planning, and Intervention	3
CRIM 461	Capstone: Justice Policy Issues	3	NRS 473	ECB Senior Presentation	1
CRIM 462	Senior Practicum	3	NRS 476	Environmental Project Management and Decision Making	4
CRIM 464	Criminology Abroad	3	ORGS 410	Capstone Project in Organizational Sciences	1-6
CS 481	CS Senior Capstone Design II	3	ESHS 495	Practicum	1
CYB 481	Cybersecurity Senior Capstone Design II	3	ESHS 498	Internship in Exercise Science & Health	1-16
DAN 490	Senior Project	2	ESHS 498	Internship in Exercise Science & Health	1-16
ECE 481	EE Senior Design II	3	PHIL 490	Senior Seminar	3
ECE 483	Computer Engineering Senior Design II	3	PHYS 492	Senior Research	1
ECON 490	Economic Theory and Policy	3	PLSC 438	Pesticides in the Environment	3
ENGL 440	Professional Writing Portfolio	3	POLS 490	Senior Experience	3
ENGL 490	Creative & Literary Portfolio	3	PSYC 415	History and Systems of Psychology	3
EDCI 401	Internship Seminar	1	REM 456	Integrated Rangeland Management	3
EDCI 485	Secondary Internship	15	REM 473	ECB Senior Presentation	1
ENT 438	Pesticides in the Environment	3	RSTM 498	Internship in Recreation, Sport, and Tourism	1-16
ENVS 497	Senior Research	2-4	SOC 460	Capstone: Sociology in Action	3
HDFS 401	Professional Ethics and Practice in CFCS	1	SOC 462	Senior Practicum	3
FN 492	Nutrition Education	3	SOIL 427	Sustainable Food Systems	3
ECDE 497	INTERN: Preschool	1-16	STAT 436	Applied Regression Modeling	3
FISH 418	Fisheries Management	4	THE 483	Senior Capstone Project	1
FISH 473	ECB Senior Presentation	1	VTD 457	Capstone Design Studio I	6
FISH 495	Fisheries Seminar	1	WLF 473	ECB Senior Presentation	1
FL 401	SGS Capstone Experience	1	WLF 492	Wildlife Management	4
FOR 424	Silviculture Principles and Practices	4			
FIRE 427	Prescribed Burning Lab	3			
FOR 473	ECB Senior Presentation	1			
FOR 490	The Resilient Landscape	3			
FS 489	Food Product Development	3			
FSP 473	ECB Senior Presentation	1			
FSP 495	Product Development and Brand Management	3			
FTV 476	Advanced Filmmaking II	3			
GEOG 493	Senior Capstone in Geography	3			
GEOL 490	Geology Field Camp	3			
HIST 495	History Senior Seminar	3			
IAD 452	Interior Architecture and Design VI	6			
INDT 484	Industrial Technology Capstone I	3			
INTR 401	Career and Leadership Development	2			
INTR 440	Honors Presentations	1			
INTR 454	Honors Program Seminar	3			
IS 495	International Studies Senior Seminar	3			
JAMM 448	Law of Mass Media	3			
LARC 480	The Resilient Landscape	3			
MATH 415	Cryptography	3			
MATH 437	Mathematical Biology	3			
ME 424	Mechanical Systems Design I	3			
ME 426	Mechanical Systems Design II	3			

## J-4. Grade Requirements

To qualify for an undergraduate degree, a candidate must have a UI grade-point average of 2.00 or better. See exceptions under E-4 and E-5 (<https://catalog.uidaho.edu/general-requirements-academic-procedures/e-grades/>).

## J-5. Credit Limitations

A candidate may count toward an undergraduate degree no more than:

**J-5-a.** Thirty credits earned in Experiential Learning and Technical Competency for a baccalaureate degree and fifteen credits for an associate degree (see regulation I-2-b (<https://catalog.uidaho.edu/general-requirements-academic-procedures/i-alternative-credit-opportunities/>) and I-2-c (<https://catalog.uidaho.edu/general-requirements-academic-procedures/i-alternative-credit-opportunities/>)).

**J-5-b.** Twelve credits earned under the pass-fail option for a baccalaureate degree and six credits for an associate degree (see regulation B-11 (<https://catalog.uidaho.edu/general-requirements-academic-procedures/b-registration/>)).

**J-5-c.** Zero credits in remedial-level courses.

**J-5-d.** Zero credits earned in Professional Development courses.

## J-6. Assignment of Curricular Requirements (Catalog Issue)

In addition to fulfilling the general university requirements for degrees, candidates for baccalaureate or associate degrees must satisfy the particular requirements specified for their curricula. The pertinent requirements are those contained in the most recent U of I catalog issue that was in effect at the time of, or subsequent to, the candidate's initial enrollment as a degree-seeking student at U of I. The earliest catalog issue available to students readmitted as a degree-seeking student at the U of I is the most recent catalog at the time of re-enrollment. A catalog issue is valid for a maximum of seven years from its effective date. The effective date of a catalog issue is the first Monday following spring graduation.

## J-7. Concurrent and Subsequent Baccalaureate Degrees

### J-7-a. Concurrent Degrees

A student may concurrently pursue degrees in one or more colleges. For exceptions to this rule, see General Studies (<https://catalog.uidaho.edu/colleges-related-units/letters-arts-social-sciences/general-studies/>). In addition to the university requirements, students must fulfill the departmental and college requirements for all degrees.

### J-7-b. Subsequent Degrees

Students who have earned a baccalaureate degree and who wish to complete the requirements for a subsequent degree must earn at least 15 credits as an undergraduate student after completion of the previous baccalaureate degree, and they must fulfill the university, departmental, and college requirements for the second degree. For exceptions to this regulation, see General Studies (<https://catalog.uidaho.edu/colleges-related-units/letters-arts-social-sciences/general-studies/>).

## J-8. Degree with Double Major

Students may complete two different majors (curricula) offered under a particular baccalaureate degree and have both majors shown on their academic records and diplomas, e.g., Bachelor of Arts with majors in history and political science. In addition to the university requirements, students must fulfill the departmental and college requirements for all majors. Each of the majors must lead to the same degree. When majors leading to different degrees are involved, see the requirements applicable to the awarding of a concurrent baccalaureate degree (J-7-a).

## J-9. Academic Minors

### J-9-a. Academic Minors

An academic minor is a prescribed course of study consisting of 18 or more credits which supplements an undergraduate major at the University of Idaho. For descriptions of minor curricula, see the programs of the degree-granting units in the individual departmental section. In the following paragraphs of J-9, "minor" denotes "academic minor," which is to be distinguished from "teaching minor"; for information on the latter, see the Department of Curriculum and Instruction (<https://catalog.uidaho.edu/colleges-related-units/education-health-human-sciences/curriculum-instruction/>) section.

### J-9-b. Multiple Minors

A baccalaureate degree seeking student may pursue one or more minors in addition to a major by filing with the registrar a declaration of intention to do so. Completion of a minor is required only if specified by the degree-granting unit, but any minor completed is recorded on the student's academic record.

### J-9-c. Transfer Credit

Transfer credits may be applied to a minor; however, at least 9 credits of those completing the minor's requirements must be in UI courses. Similar to the residency requirements for a baccalaureate degree in J-2, no credits awarded for non-U of I sponsored independent study courses, bypassed courses (see I-2-d (<https://catalog.uidaho.edu/general-requirements-academic-procedures/i-alternative-credit-opportunities/>)), credit by examination (see I-1-a, I-1-c, or I-2-a (<https://catalog.uidaho.edu/general-requirements-academic-procedures/i-alternative-credit-opportunities/>)), College Level Examination Program (CLEP – see I-2-b (<https://catalog.uidaho.edu/general-requirements-academic-procedures/i-alternative-credit-opportunities/>)), or experiential learning (see I-2-b (<https://catalog.uidaho.edu/general-requirements-academic-procedures/i-alternative-credit-opportunities/>))) can be counted among these 9 UI credits. Study abroad and student exchange credits may be counted toward this requirement with prior approval by the student's academic department and dean.

### J-9-d. Minor-Only

A student may complete an undergraduate minor even though they have already earned a baccalaureate degree at the University of Idaho. If the sole objective is to complete an undergraduate minor, the student should declare a "Minor-Only" curriculum in the department offering the minor. Students who declare a minor-only curriculum are not eligible for financial aid funds (see the Student Financial Aid Services (<https://catalog.uidaho.edu/student-services/>) section).
